

# LAKE GRANBURY MEDICAL CENTER

Dear Mother-to-be,

First of all, Congratulations! We thank you for choosing our facility for your maternity stay. Lake Granbury Medical Center is thrilled to be part of this important family event. We are committed to "exceeding the expectations of expectant moms" in our community.

The hospital's new Tiny Toes program is designed to enhance all stages of your pregnancy – from the first trimester until your child's first birthday! You will receive several perks leading up to the arrival of your "bundle of joy." With your permission, we also post baby photos on the hospital's internet nursery at [www.lakegranburymedicalcenter.com](http://www.lakegranburymedicalcenter.com). This has been very well received, especially by families with relatives who live far away.

The most exciting part of Tiny Toes is that it is a free program. To join, simply fill out the registration form enclosed in the front cover of the book found in this packet, return it to the staff of Comprehensive Obstetrics and Gynecology, and keep the membership card for your records. The Tiny Toes program also streamlines the admission process for when your baby arrives.

This packet includes the following information:

- ✓ *Your Pregnancy & Birth* is the official guide to pregnancy - from prenatal care and labor & delivery, to getting back in shape and exploring child care options. It draws from the knowledge of a committee of expert obstetricians and the collective expertise of more than 40,000 American College of Obstetrics & Gynecology Fellows.
- ✓ Childbirth Class Schedule
- ✓ Breast Feeding Class Schedule
- ✓ Safe Sitter Class Schedule
- ✓ Birth Certificate Sheet
- ✓ Maternity Pre-registration Form
- ✓ Privacy Practices Information Sheet

We would be delighted if you would please visit our Registration department before your sixth month of pregnancy. It is located directly behind the Emergency Department's front desk. This step will begin the pre-registration process and facilitate a quick admission to the hospital the day of delivery.
